Our core business principles and service-based culture have successfully guided our efforts over the past 37 years. We believe focusing on these principles will enable us to expand our capabilities for providing value-added services to our urban, coastal client base and generate steady, long-term growth.

Deliver Superior Client Service. We believe that stable long-term growth and profitability are the result of building strong client relationships one at a time while maintaining superior credit discipline. The most effective way to achieve this is through the continued delivery of superior, carefully coordinated client service without compromising the credit quality of our assets. Our employees strive to understand our clients' needs and identify appropriate financial solutions through our comprehensive suite of products and services. Our client-focused culture has allowed us to broaden and deepen these relationships over time. We believe that delivering superior client service differentiates us from our competition.

Originate High Quality Loans. We focus on originating high-quality loans for existing and new clients. Our lending activities provide an opportunity for our bankers to also introduce other services to these clients, which develop into comprehensive relationships as a result of the delivery of superior client service. This enables us to expand our business in a disciplined manner while maintaining superior credit quality.

Grow Deposits. An important aspect of our franchise is the ability to gather deposits, which provides us with a stable, low-cost source of funding. We focus on growing core deposits by expanding relationships with existing clients and acquiring new deposit clients, both business and consumer. Growth in our deposit base reflects our value-added strategy of introducing deposits to loan clients, wealth management clients, businesses and non-profit organizations.

Grow Our Wealth Management Business. We offer integrated investment management, brokerage, trust, custody, financial planning, insurance and foreign exchange services, which are an extension of our banking franchise. We expand our wealth management business through our relationship-based approach. We increase our assets under management or administration by increasing services offered to Bank clients, acquiring new clients and hiring additional professionals, who bring their clients with them. We believe that our brand name, superior client service and service culture will enable us to continue to expand this business.

Attract, Retain and Develop Diverse Talented Professionals. Attracting and retaining diverse talented professionals is critical to driving the development of our business and delivering superior financial performance. We have experienced low turnover across our workforce and intend to continue hiring and developing professionals who are key to our business objectives, brand, and culture. We believe our distinct business model, culture, scalable platform, and incentive compensation structure enable us to attract and retain diverse talent. We remain committed to empowering our colleagues to reach their full potential so they can take care of our clients and communities and in turn grow our business.

The provision for credit losses was \$31 million for the quarter ended June 30, 2022. Our Tier 1 leverage ratio and Common Equity Tier 1 ratio were 8.59% and 9.15%, respectively, at

June 30, 2022, and continued to exceed regulatory guidelines for well-capitalized institutions. Book value per common share and tangible book value per common share were \$71.03 and \$69.81, respectively, at June 30, 2022, up 12.8% and 13.1%, respectively, from June 30, 2021.

Noninterest expense was \$913 million for the quarter ended June 30, 2022, up 19.7% compared to the quarter ended June 30, 2021. The efficiency ratio was 60.5% for the quarter ended June 30, 2022, compared to 62.0% for the quarter ended June 30, 2021.

Also, on July 14, 2022, we declared a quarterly dividend of \$0.27 per share of common stock, which is payable on August 11, 2022 to shareholders of record as of July 28, 2022.

Shares of Common Stock Outstanding After This Offering shares of common stock.⁽¹⁾

Dividends The decision to declare and pay any dividends in the future will be at the sole discretion of our board of directors (the “Board”) and may be reduced or eliminated at any time. Any future determination to pay dividends on our common stock will depend upon our results of operations, financial condition, capital requirements, regulatory and contractual restrictions, our business strategy and other factors that the Board deems relevant, and will be subject to bank regulatory limits and possible approval requirements. In addition, we cannot declare or pay dividends on our common stock or redeem or repurchase our common stock for any period for which we have not declared and paid in full dividends on our preferred stock. See “Common Stock Dividends.”

Voting Rights Each holder of our common stock is entitled to one vote per share held on all matters on which shareholders generally are entitled to vote, except as otherwise required by law and subject to the rights and preferences of the holders of any outstanding series of our preferred stock, par value \$0.01 per share. See “Description of Capital Stock—Common Stock” and “—Preferred Stock.”

Use of Proceeds We intend to use the net proceeds from this offering of approximately \$ million (or approximately \$ million if the underwriters exercise in full their option to purchase additional shares of common stock from us), after underwriting discounts and estimated offering expenses payable by us, for general corporate purposes, which may include, among other things, funding loans or purchasing investment securities for our portfolio.

Risk Factors An investment in our common stock involves a high degree of risk. See the section entitled "Risk Factors" beginning on page 6 of this offering circular and beginning on page 35 of our Annual Report on Form 10-K for the year ended December 31, 2021, as filed with the FDIC and incorporated by reference into this offering circular.

Except as otherwise noted, all information in this offering circular assumes that the underwriters do not exercise their option to purchase from us up to an additional _____ shares of common stock.

RISK FACTORS

An investment in our common stock involves a high degree of risk. There are risks, many beyond our control, that could cause our financial condition, liquidity or results of operations to differ materially from management's expectations. This offering circular does not describe all of those risks. The following is a list of certain risks specific to our common stock. Before purchasing shares of our common stock, you should carefully consider these risks, the more detailed explanation of risks described beginning on page 35 of our Annual Report on Form 10-K for the year ended December 31, 2021 under the caption "Item 1A. Risk Factors" and other information included in or incorporated by reference into this offering circular. Any of these risks, by itself or together with one or more other factors, may materially and adversely affect our business, results of operations, liquidity or financial condition or the market price or liquidity of our common stock. These risks and the risks presented below are not the only risks that we face. Additional risks that we do not presently know or that we currently deem immaterial may also materially and adversely affect our business, results of operations, liquidity or financial condition or the market price or liquidity of our common stock. Further, to the extent that any of the information contained herein constitutes forward-looking statements, the risk factors below and in the documents incorporated by reference also are cautionary statements identifying important factors that could cause actual results to differ materially from those expressed in any such forward-looking statements. See "Cautionary Note Regarding Forward-Looking Statements" on page iv of this offering circular.

Shares of our common stock are not insured deposits.

Shares of our common stock are not bank deposits and are not insured or guaranteed by the FDIC or any other governmental agency. An investment in our common stock has risks, and you may lose your entire investment.

The market price and trading volume of our common stock may be volatile, which could result in rapid and substantial losses for our shareholders.

The market price of our common stock may be highly volatile and could be subject to wide fluctuations. In addition, the trading volume of our common stock may fluctuate and cause significant price variations to occur. If the market price of our common stock declines significantly, you may be unable to resell your shares of common stock at or above your purchase price, if at all. The market price of our common stock could fluctuate or decline significantly in the future. Some, but certainly not all, of the factors that could negatively affect the price of our common stock, or result in fluctuations in the price or trading volume of our common stock, include:

- Variations in our quarterly operating results or failure to meet the market's earnings expectations;
- Publication of news and research reports about us or the financial services industry in general;
- Departures of or additions to our key personnel;
- Adverse market reactions to any indebtedness we may incur or securities we may issue in the future;
- Actions by our shareholders;
- The operating and securities price performance of companies that investors consider to be comparable to us;
- Changes or proposed changes in laws or regulations affecting our business; and
- Actual or potential litigation and governmental investigations.

In addition, if the market for stocks in our industry, or the stock market in general, experiences a loss of investor confidence, including as a result of speculative activity or the direct or indirect effects of the COVID-19 pandemic, the trading price of the common stock could decline for reasons unrelated to our business, results of operations or financial condition. If any of the foregoing occurs, it could cause our stock price to fall and may expose us to lawsuits that, even if unsuccessful, could be costly to defend and a distraction to management.

We may not continue to pay dividends on our common stock.

Holders of our common stock are only entitled to receive such dividends as our Board may declare out of funds legally available for payment. We are not required to pay dividends on our common stock and may reduce or eliminate dividends on our common stock at any time in the future. This could adversely affect the market price of our common stock. Dividends on our common stock are also subject to bank regulatory limits and possible approval requirements. In addition, we cannot declare or pay dividends on our common stock or redeem or repurchase our common stock for any period for which we have not declared and paid in full dividends on our preferred stock. Our capital planning and risk management is subject to supervisory review, and, as a result of that review, our discretion to pay dividends or determine the amount of any dividend could be limited. Our Board will continue to evaluate the payment of dividends based on our results of operations, financial condition, capital requirements, regulatory and contractual restrictions, our business strategy and other factors our Board deems relevant.

Future sales of our common stock may adversely affect our stock price.

The market price of our common stock may be adversely affected by the sale of a significant quantity of our outstanding common stock (including any securities convertible into or exercisable or exchangeable for common stock), or the perception that such a sale could occur. These sales, or the possibility that these sales may occur, also might make it more difficult for us to raise additional capital by selling equity securities in the future at a time and price that we deem appropriate.

Future issuances of equity securities may adversely affect our stock price.

We have historically approached the capital markets opportunistically, making public offerings of our common stock and preferred stock, from time to time. To the extent practicable, we expect to continue this approach. In addition, we may issue debt securities convertible into or exercisable or exchangeable for our equity securities. In each case, we access the capital markets to raise additional capital, support growth or make acquisitions. Further, we issue stock options and other stock awards to retain and motivate our employees, executives and directors, and we expect to continue to do so. These issuances of securities may dilute the voting and economic interests of our existing shareholders. These issuances or the perception that such issuances may occur could also adversely affect the market price of our common stock.

Our common stock is subordinate to our existing and future indebtedness and preferred stock.

Shares of our common stock are equity interests and do not constitute indebtedness. As such, our common stock ranks junior to all our deposits and indebtedness, and other non-equity claims on us, with respect to assets available to satisfy claims. Additionally, holders of common stock are subject to the prior dividend and liquidation rights of the holders of seven outstanding series of preferred stock, as described under "Description of Capital Stock—Preferred Stock," and any other series of preferred stock we may issue.

Various factors could make a takeover attempt of us more difficult to achieve.

Certain provisions of our organizational documents, in addition to certain federal and state banking laws and regulations, could make it more difficult for a third-party to acquire us without the consent of our Board, even if doing so were perceived to be beneficial to our shareholders. These provisions also make it more difficult to remove our current Board or management or to appoint new directors, and also regulate the timing and content of shareholder proposals and nominations, and qualification for service on our Board. These provisions could effectively inhibit a non-negotiated merger or other business combination, which could adversely impact the value of our common stock.

USE OF PROCEEDS

We intend to use the net proceeds from this offering of approximately \$ million (or approximately \$ million if the underwriters exercise in full their option to purchase additional shares of common stock from us), after underwriting discounts and estimated offering expenses payable by us, for general corporate purposes, which may include, among other things, funding loans or purchasing investment securities for our portfolio.

COMMON STOCK DIVIDENDS

Our common stock is listed on the New York Stock Exchange (“NYSE”) under the symbol “FRC.” As of July 28, 2022, there were 180,122,890 shares of common stock issued and outstanding. As of July 28, 2022, there were fewer than 20 shareholders of record of our common stock, although we believe shares are held by approximately 350,000 beneficial owners.

Common Stock Dividends

The following table presents cash dividends per share of our common stock declared and paid by First Republic Bank for the periods indicated:

	<u>2022</u>	<u>2021</u>	<u>2020</u>	<u>2019</u>
Quarter:				
Fourth Quarter	—	\$0.22	\$0.20	\$0.19

First Quarter	\$0.22	\$0.20	\$0.19	\$0.18

(1) On July 14, 2022, we declared a dividend of \$0.27 per share of common stock, which is payable on August 11, 2022 to shareholders of record as of July 28, 2022.

For information on dividend restrictions, refer to “Business—Supervision and Regulation—Restrictions on Dividends and Other Distributions” in our Annual Report on Form 10-K for the year ended December 31, 2021 and “Risk Factors—We may not continue to pay dividends on our common stock” herein.

The decision to declare and pay any dividends in the future will be at the sole discretion of our Board and may be reduced or eliminated at any time. Any future determination to pay dividends on our common stock will depend upon our results of operations, financial condition, capital requirements, regulatory and contractual restrictions, our business strategy and other factors that the Board deems relevant, and will be subject to bank regulatory limits and possible approval requirements. In addition, we cannot declare or pay dividends on our common stock or redeem or repurchase our common stock for any period for which we have not declared and paid in full dividends on each series of our preferred stock.

We are subject to bank regulatory requirements that in some situations could affect our ability to pay dividends. The FDIC’s prompt corrective action regulations prohibit institutions such as us from making any “capital distribution,” which includes any transaction that the FDIC determines, by order or regulation, to be “in substance a distribution of capital,” unless the institution will continue to be at least adequately capitalized after the distribution is made. Pursuant to these provisions, it is possible that the FDIC would seek to prohibit the payment of dividends on our capital stock if we would fail to maintain a status of at least adequately capitalized after such dividend. Applicable California banking laws contain similar provisions. All dividends out of capital stock are payable out of our capital surplus. Our capital planning and risk management is subject to supervisory review, and, as a result of that review, our discretion to pay dividends or determine the amount of any dividend could be limited.

The following table sets forth our capitalization and capital ratios as of March 31, 2022 (i) on an actual basis and (ii) on an as adjusted basis to give effect to the sale of _____ shares of common stock by us in this offering, assuming the underwriters do not exercise their option to purchase additional shares from us, after underwriting discounts and estimated offering expenses payable by us. DESCRIPTION OF CAPITAL STOCK

The following description summarizes the material terms of our capital stock. Because it is only a summary, it may not contain all the information that is important to you. For a complete description, you should refer to our Restated Articles of Incorporation (the "Articles"), Amended and Restated Bylaws (the "Bylaws"), certificates of determination and any applicable provisions of relevant law.

General

The Articles authorize us to issue a total of 425,000,000 shares of capital stock, of which we are authorized to issue 400,000,000 shares of common stock, par value \$0.01 per share, and 25,000,000 shares of preferred stock, par value \$0.01 per share. As of July 28, 2022, there were 180,122,890 shares of common stock outstanding held by fewer than 20 record holders and we believe approximately 350,000 beneficial owners. As of July 28, 2022, we had seven series of preferred stock issued and outstanding, for a total of 3,632,500 shares of preferred stock issued and outstanding, with each series held by one record holder.

Common Stock

Voting. Each holder of our common stock is entitled to one vote per share held on all matters on which shareholders generally are entitled to vote, except as otherwise required by law and subject to the rights and preferences of the holders of any outstanding series of our preferred stock. Holders of common stock are not entitled, however, to vote on any amendment to the Articles that relates solely to the terms of one or more outstanding series of preferred stock if the holders of such series are entitled, either separately or together with the holders of one or more other such series, to vote on such amendment pursuant to the Articles or the California General Corporation Law (the "CGCL"). Other than elections to office, any shareholder entitled to vote on a matter may vote part of the shares such shareholder is entitled to vote in favor of the matter and refrain from voting the remaining shares or vote them against the matter. If a shareholder fails to specify the number of shares such shareholder is voting affirmatively, however, it is conclusively presumed that the shareholder is voting affirmatively with respect to all shares such shareholder is entitled to vote. Our Articles do not allow shareholders to cumulate votes in the election of directors.

Dividends and Other Distributions. Subject to the rights and preferences of the holders of any outstanding series of preferred stock, dividends may be declared and paid on our common stock at the discretion of our Board from any lawfully available funds. Holders of our common stock are also entitled to share ratably in our assets legally available for distribution to our shareholders in the event of our liquidation, winding up or dissolution, after payment of or adequate provision for all of our known debts and liabilities. These rights are subject to the preferential rights of any other class or series of our stock.

Pre-emptive and Other Rights. Our Articles do not grant any pre-emptive rights to our shareholders. There are no sinking fund, conversion or redemption provisions applicable to our common stock.

Preferred Stock

The Articles permit the Board to issue one or more series of preferred stock, fix the number of shares and determine the rights, preferences, privileges and restrictions of any such series of preferred stock. There are currently seven series of preferred stock issued and outstanding: (1) a series of 200,000 shares of 5.125% Noncumulative Perpetual Series H Preferred Stock ("Series H

Preferred Stock”), represented by 8,000,000 depositary shares, each representing a 1/40th interest in a share of Series H Preferred Stock; (2) a series of 300,000 shares of 5.50% Noncumulative Perpetual Series I Preferred Stock (“Series I Preferred Stock”), represented by 12,000,000 depositary shares, each representing a 1/40th interest in a share of Series I Preferred Stock; (3) a series of 395,000 shares of 4.70% Noncumulative Perpetual Series J Preferred Stock (“Series J Preferred Stock”), represented by 15,800,000 depositary shares, each representing a 1/40th interest in a share of Series J Preferred Stock; (4) a series of 500,000 shares of 4.125% Noncumulative Perpetual Series K Preferred Stock (“Series K Preferred Stock”), represented by 20,000,000 depositary shares, each representing a 1/40th interest in a share of Series K Preferred Stock; (5) a series of 747,500 shares of 4.250% Noncumulative Perpetual Series L Preferred Stock (“Series L Preferred Stock”), represented by 29,900,000 depositary shares, each representing a 1/40th interest in a share of Series L Preferred Stock; (6) a series of 750,000 shares of 4.000% Noncumulative Perpetual Series M Preferred Stock (“Series M Preferred Stock”), represented by 30,000,000 depositary shares, each representing a 1/40th interest in a share of Series M Preferred Stock; and (7) a series of 740,000 shares of 4.500% Noncumulative Perpetual Series N Preferred Stock (“Series N Preferred Stock”), represented by 29,600,000 depositary shares, each representing a 1/40th interest in a share of Series N Preferred Stock.

Each outstanding series of our preferred stock has a liquidation preference of \$1,000 per share and is perpetual. Each series of our preferred stock is entitled to receive noncumulative cash dividends when, as and if declared by the Board on a quarterly basis, at a rate per annum as follows: 5.125% on the Series H Preferred Stock, 5.50% on the Series I Preferred Stock, 4.70% on the Series J Preferred Stock, 4.125% on the Series K Preferred Stock, 4.250% on the Series L Preferred Stock, 4.000% on the Series M Preferred Stock and 4.500% on the Series N Preferred Stock. Each outstanding series of our preferred stock has no pre-emptive rights, is not subject to a sinking fund, and is not convertible into or exchangeable or exercisable for any of our other securities. Each outstanding series of preferred stock is redeemable at our option either (i) in whole or in part, from time to time, for cash, at any time in the case of the Series H Preferred Stock, on or after June 30, 2023, in the case of the Series I Preferred Stock, on or after December 31, 2024, in the case of the Series J Preferred Stock, on or after October 30, 2025, in the case of the Series K Preferred Stock, on or after March 30, 2026, in the case of the Series L Preferred Stock, on or after August 30, 2026, in the case of the Series M Preferred Stock and on or after December 31, 2026, in the case of Series N Preferred Stock, or (ii) in whole but not in part at any time within 90 days following our good faith determination that, as a result of a change or proposed change in law or regulation or an administrative or judicial action that there is more than an insubstantial risk that we will not be entitled to treat the full liquidation value of such series of preferred stock then outstanding as Tier 1 capital. In either case, no redemption premium will be paid.

Each outstanding series of our preferred stock ranks senior to our common stock, and equally with all existing series of preferred stock, as well as with all future series of preferred stock that by their terms do not rank junior to such series with respect to the payment of dividends and distributions upon liquidation, dissolution or winding up. Each series of our preferred stock generally has no voting rights. However, if dividends on any outstanding shares of any series of our preferred stock are not paid (whether or not declared) for any six dividend periods (whether or not consecutive), holders of that series of preferred stock, voting as a separate class with the holders of all other series of preferred stock upon which like voting rights have been conferred and are exercisable, will be entitled to elect two directors to serve on our Board until all dividends on that series are paid in full for at least four consecutive dividend periods. The holders of all of our outstanding series of preferred stock together will not have the right to elect more than two directors to serve on our Board. In addition, the affirmative vote or written consent of holders of at least two-thirds of the outstanding shares of any outstanding series of preferred stock will be required to (i) create any class or series of shares that ranks, as to dividends and distributions upon

liquidation, senior to that series or (ii) alter or change the provisions of our Articles, the certificate of determination governing that series of preferred stock or our Bylaws so as to adversely affect the voting powers, preferences or special rights of the holders of that series.

Transfer Restrictions

All shares of common stock currently outstanding were, and the shares sold in this offering will be, offered and sold pursuant to an exemption from registration under the Securities Act of 1933, as amended (the "Securities Act"), and other exemptions provided by the laws of the United States and other jurisdictions where such securities were offered and sold. Shares of our common stock may only be transferred or sold in compliance with all applicable state, federal and foreign securities laws.

Ownership Limitations

Federal and state banking laws prevent any holder of the Bank's capital stock from acquiring "control" of the Bank, as defined under applicable statutes and regulations, without obtaining the prior approval of the Federal Reserve, the FDIC or the California Department of Financial Protection and Innovation, as applicable.

Book Entry, Delivery and Form

The Depository Trust Company ("DTC") acts as securities depository for the common stock. The common stock sold in this offering will be registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC.

DTC has advised us that it is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered under the provisions of Section 17A of the Exchange Act. DTC holds securities that its participants ("Direct Participants") deposit with DTC. DTC also facilitates the settlement among Direct Participants of sales and other securities transactions in deposited securities through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and

dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or through intermediaries (“Indirect Participants”). The rules applicable to DTC and its Direct and Indirect Participants are on file with the SEC. More information about DTC can be found at www.dtcc.com and <http://www.dtc.org>.

Purchases of shares of common stock under the DTC system must be made by or through Direct Participants, which will receive a credit for the shares of common stock on DTC’s records. The ownership interest of each actual purchaser of shares of common stock (the “beneficial owner”) is in turn recorded on the Direct and Indirect Participants’ records. Beneficial owners will not receive written confirmation from DTC of their purchase. Beneficial owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the beneficial owner entered into the transaction. Transfers of ownership interest in the common stock will be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of beneficial owners. Beneficial owners will not receive certificates representing their ownership interest in the common stock, except in the event that use of the book-entry system for the common stock is discontinued. Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to beneficial owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

To facilitate subsequent transfers, the shares of our common stock deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of common stock with DTC and its registration in the name of Cede & Co. or such other nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual beneficial owners of the common stock. DTC’s records reflect only the identity of the Direct Participants to whose accounts are credited, which may or may not be the beneficial owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

In those instances where a vote is required, neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the common stock unless authorized by a Direct Participant. Under its usual procedures, DTC mails an omnibus proxy to us as soon as possible after the record date. The omnibus proxy assigns Cede & Co.’s consenting or voting rights to those Direct Participants to whose accounts the common stock is credited on the record date, which accounts are identified in a listing attached to the omnibus proxy.

Distributions and dividend payments on the common stock will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC’s practice is to credit Direct Participants’ accounts, upon DTC’s receipt of funds and corresponding detail information from us or our agent on the payable date in accordance with their respective holdings shown on DTC’s records. Payments by Direct or Indirect Participants to beneficial owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in “street name,” and will be the responsibility of such Direct or Indirect Participant and not of DTC (nor its nominee), us or any agent

of ours, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of distributions and dividends to Cede & Co. (or such other DTC nominee) is the responsibility of us or our agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the beneficial owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the common stock at any time by giving reasonable notice to us or our agent. Additionally, we may decide to discontinue the book-entry only system of transfers with respect to the common stock. Under such circumstances, if a successor depository is not obtained, we will print and deliver certificates in fully registered form for the common stock.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that we believe to be reliable, but we take no responsibility for the accuracy thereof.

Transfer Agent

Computershare Inc. and Computershare Trust Company, N.A., collectively, act as registrar and transfer agent for our common stock. Registration of transfers of shares of the common stock will be effected without charge but only upon payment of any tax or other governmental charges that may be imposed in connection with any transfer or exchange.

Certain Provisions of California Law and of Our Articles and Bylaws

Amendment of Articles of Incorporation and Bylaws

Under California law, a California corporation cannot amend its articles of incorporation unless the amendment is approved by the Board and, except for certain limited matters as prescribed by law, by the affirmative vote of a majority of the outstanding shares entitled to vote, either before or after the approval by the Board, and in matters affecting a particular class of shares, by the affirmative vote of holders of a majority of the outstanding shares of that class. Our Articles specify that amendments of certain provisions require the affirmative vote of two-thirds of the outstanding shares entitled to vote. Additionally, under California law, a California bank cannot amend its articles of incorporation unless the amendment is approved by the California Commissioner of Financial Protection and Innovation (the "Commissioner").

Under California law, the Board or the shareholders may adopt, amend or repeal the Bank's Bylaws with the affirmative vote of a majority of the directors then in office or the affirmative vote of the holders of a majority of the Bank's shares entitled to be cast; provided, however, that Bylaws specifying a fixed number of directors, or the maximum or minimum number of directors, or changing from a fixed to a variable board of directors or vice versa, may only be adopted by the vote of a majority of the outstanding shares. Under California law, a bank may not amend the articles of incorporation or its bylaws so as to reduce the number of directors below five.

Power to Authorize and Issue Additional Shares of Common Stock and Preferred Stock

The Board, with approval by an affirmative vote of a majority of the outstanding shares entitled to vote, and in some cases, the approval by an affirmative vote of a majority of the outstanding shares of certain classes, has the authority to amend the Articles to increase or decrease the aggregate number of shares of stock or the number of shares of authorized stock of any class or series that the Bank has the authority to issue. The Board can cause us to issue additional

authorized shares without shareholder approval, unless shareholder approval is required by applicable law or by the rules of the NYSE. Although we have no present intention of doing so, we could issue a class or series of stock that could delay, defer or prevent a transaction or a change in control of the Bank that might involve a premium price for holders of common stock or otherwise be in their best interest.

Restrictions on the Bank's Sale of Its Securities

Under California law, a California bank may not offer or sell its own securities unless the Commissioner has issued a permit authorizing the sale, with certain limited exceptions. For a permit to be issued, the Commissioner must find that the proposed sale is "fair, just, and equitable."

Meetings of Shareholders

Under our Bylaws, with respect to annual meetings of shareholders, nominations of persons for election as directors and the proposal of business to be considered may be made: (i) pursuant to our notice of meeting; (ii) by the Board; (iii) by any shareholder entitled to vote at the meeting who has complied with the advance notice procedures in our; or (iv) by any eligible shareholder who has satisfied the requirements of the proxy access provisions in our Bylaws.

Special meetings of shareholders may be called at any time by the Board or our Chairman, if any, President, if any, or shareholders entitled to cast at least one-tenth of the votes which all shareholders are entitled to cast at an annual or special meeting of shareholders. Only business specified in the notice of a special meeting of shareholders may be conducted at the meeting. Nominations of persons for election as directors at a special meeting at which directors are to be elected may be made: (i) by the Board; or (ii) by any shareholder entitled to vote at the meeting who has complied with the advance notice procedures in our Bylaws.

Board of Directors

Under our Bylaws, the number of directors will not be less than nine nor more than fifteen. Under our Bylaws, the exact number of directors is fixed, from time to time, by the approval of the Board. No person may serve as a director if that person is not qualified to serve as a director under applicable banking laws or regulations or if that person's service as a director is opposed in writing by any bank regulatory official having jurisdiction over us.

The Board is not divided into different classes of directors. At each annual meeting of shareholders, in an uncontested election, each nominee receiving the affirmative vote of the majority of the shares present or represented and voting (and a majority of shares required to constitute a quorum) will be elected as a director and, in a contested election, the nominees receiving the highest number of votes will be elected as directors.

Supermajority Voting for Fundamental Transactions

The Articles require the approval of two-thirds of the outstanding shares of common stock entitled to vote to approve a merger or consolidation with or into any other corporation or a sale or lease of all substantial part of our assets to any other corporation, person or other entity, unless such transaction was previously approved by the Board or is with a majority-owned subsidiary of the Bank.

Removal of Directors

Any or all of the directors may be removed without cause if such removal is approved by a majority of the outstanding common stock, except that no director may be removed (unless the

entire Board is removed) when the votes cast against removal, or not consenting in writing to removal, would be sufficient to elect such director if voted cumulatively at an election in which the same total number of votes were cast and the entire number of directors authorized at the most recent election were then being elected.

Limitation of Liability and Indemnification

California law permits us to include in the Articles a provision limiting the liability of our directors to us and our shareholders for money damages, except for liability resulting from: (i) acts or omissions that involve intentional misconduct or a knowing and culpable violation of law; (ii) acts or omissions that a director believes to be contrary to the best interests of the corporation or its shareholders or that involve the absence of good faith on the part of the director; (iii) any transaction from which a director derived an improper personal benefit; (iv) acts or omissions that show a reckless disregard for the director's duty to the corporation or its shareholders in circumstances in which the director was aware, or should have been aware, in the ordinary course of performing a director's duties, of a risk of serious injury to the corporation or its shareholders; (v) acts or omissions that constitute an unexcused pattern of inattention that amounts to an abdication of the director's duty to the corporation or its shareholders; (vi) acts arising from an interested director transaction listed under Section 310 of the CGCL; or (vii) acts arising from the approval of specific corporate action listed under Section 316 of the CGCL.

The Articles and Bylaws contain provisions which eliminate directors' liability to the fullest extent permitted by California law. Under California law and our Bylaws, we are authorized to obtain and have obtained directors' and officers' liability insurance.

California law grants us the power to indemnify any person who was or is a party or is threatened to be made a party to any proceeding (other than an action by or in the right of the corporation to procure a judgment in its favor) by reason of the fact that the person is or was an agent of the corporation (including but not limited to a director, officer or employee) against expenses, judgments, fines, settlements, and other amounts actually and reasonably incurred in connection with the proceeding if that person acted in good faith and in a manner the person reasonably believed to be in the best interests of the corporation and, in the case of a criminal proceeding, had no reasonable cause to believe the conduct of the person was unlawful. California law permits us to advance expenses incurred in defending any proceeding prior to its final disposition upon receipt of an undertaking by or on behalf of the agent to repay that amount if it is determined ultimately that the agent is not entitled to be indemnified.

California law does not allow us to indemnify our agents for: (i) any claim, issue or matter as to which the person has been adjudged to be liable to the corporation in the performance of that person's duty to the corporation and its shareholders, unless and only to the extent that the court in which the proceeding is or was pending will determine upon application that, in view of all the circumstances of the case, the person is fairly and reasonably entitled to indemnity for expenses and then only to the extent that the court determines; (ii) any amounts paid in settling or otherwise disposing of a pending action without court approval; and (iii) any expenses incurred in defending a pending action which is settled or otherwise disposed of without court approval.

The Articles and Bylaws state that we will, to the fullest extent permitted by California law, provide indemnification to our agents against losses if they acted in good faith and in a manner they reasonably believed to be in the best interests of the corporation and, in the case of a criminal proceeding, if they had no reasonable cause to believe their conduct was unlawful. Except in the case of expenses incurred in a successful defense, indemnification requires that the person to be indemnified is determined to have met the necessary standard of conduct by (i) a majority of a

quorum of directors who are not parties to the proceeding, (ii) if such a quorum is unobtainable, by independent legal counsel in a written opinion, (iii) approval of shareholders as set forth in Section 153 of the CGCL or (iv) the court in which the proceeding is or was pending. Under federal banking law, we may not indemnify our agents against liability or legal expenses with regard to certain administrative proceedings or civil actions brought by the FDIC. We have entered into agreements with our directors indemnifying them to the fullest extent permitted by law and all applicable limitations imposed by the FDIC and the California Department of Financial Protection and Innovation.

MATERIAL U.S. FEDERAL TAX CONSIDERATIONS

This section summarizes certain U.S. federal income and estate tax consequences of the ownership and disposition of shares of our common stock by a non-U.S. holder. You are a non-U.S. holder if you are, for U.S. federal income tax purposes:

- A nonresident alien individual,
- A foreign corporation, or
- An estate or trust that in either case is not subject to U.S. federal income tax on a net income basis on income or gain from our common stock.

This section does not consider the specific facts and circumstances that may be relevant to a particular non-U.S. holder and does not address the treatment of a non-U.S. holder under the laws of any state, local or foreign taxing jurisdiction. This section also does not address the special tax rules applicable to particular non-U.S. holders, such as corporations that accumulate earnings to avoid U.S. federal income tax, tax-exempt organizations, banks, financial institutions, insurance companies, brokers, dealers or traders in securities, commodities or currencies, tax-qualified retirement plans, holders who hold or receive our common stock pursuant to the exercise of employee stock options or otherwise as compensation, holders holding our common stock as part of a hedge, straddle or other risk reduction strategy, conversion transaction or other integrated investment, holders deemed to sell our common stock under the constructive sale provisions of the Internal Revenue Code of 1986, as amended (the "Code"), controlled foreign corporations, passive foreign investment companies and certain former U.S. citizens or long-term residents. This section is based on the tax laws of the United States, including the Code, existing and proposed regulations, and administrative and judicial interpretations, all as currently in effect. These laws are subject to change, possibly on a retroactive basis.

If an entity or arrangement that is treated as a partnership for U.S. federal income tax purposes holds shares of our common stock, the U.S. federal income tax treatment of a partner will generally depend on the status of the partner and the tax treatment of the partnership. A partner in a partnership holding shares of our common stock should consult its tax advisor with regard to the U.S. federal income tax treatment of an investment in the common stock.

You should consult a tax advisor regarding the U.S. federal tax consequences of acquiring, holding and disposing of shares of our common stock in your particular circumstances, as well as any tax consequences that may arise under the laws of any state, local or foreign taxing jurisdiction.

Dividends

If we make a distribution of cash or other property (other than certain distributions of shares of our stock) in respect of shares of our common stock, the distribution generally will be treated as a dividend to the extent of our current or accumulated earnings and profits, as determined under U.S. federal income tax principles. Any portion of a distribution that exceeds our current and accumulated earnings and profits will generally be treated first as a tax-free return of capital, on a share-by-share basis, to the extent of your tax basis in our common stock (and will reduce your basis in such common stock), and, to the extent such portion exceeds your tax basis in shares of our common stock, the excess will be treated as gain from the taxable disposition of the shares of our common stock, the tax treatment of which is discussed below under "Gain on Disposition of Common Stock".

Except as described below, if you are a non-U.S. holder of shares of our common stock, dividends paid to you are subject to withholding of U.S. federal income tax at a 30% rate or at a

lower rate if you are eligible for the benefits of an income tax treaty that provides for a lower rate. Even if you are eligible for a lower treaty rate, we and other payors will generally be required to withhold at a 30% rate (rather than the lower treaty rate) on dividend payments made to you, unless you have furnished to us or another payor:

- A valid U.S. Internal Revenue Service (“IRS”) Form W-8BEN, Form W-8BEN-E or an acceptable substitute form upon which you certify, under penalties of perjury, your status as a non-U.S. person and your entitlement to the lower treaty rate with respect to such payments, or
- In the case of payments made outside the United States to an offshore account (generally, an account maintained by you at an office or branch of a bank or other financial institution at any location outside the United States), other documentary evidence establishing your entitlement to the lower treaty rate in accordance with U.S. Treasury regulations.

If you are eligible for a reduced rate of U.S. withholding tax under a tax treaty, you may obtain a refund of any amounts withheld in excess of that rate by filing a refund claim with the IRS.

If dividends paid to you are “effectively connected” with your conduct of a trade or business within the United States, and, if required by a tax treaty, the dividends are attributable to a permanent establishment that you maintain in the United States, we and other payors generally are not required to withhold tax from the dividends, provided that you have furnished to us or another payor a valid IRS Form W-8ECI or an acceptable substitute form upon which you represent, under penalties of perjury, that:

- You are a non-U.S. person, and
- The dividends are effectively connected with your conduct of a trade or business within the United States and are includible in your gross income.

“Effectively connected” dividends are taxed at rates applicable to United States citizens, resident aliens and domestic U.S. corporations.

If you are a corporate non-U.S. holder, “effectively connected” dividends that you receive may, under certain circumstances, be subject to an additional “branch profits tax” at a 30% rate or at a lower rate if you are eligible for the benefits of an income tax treaty that provides for a lower rate.

Gain on Disposition of Common Stock

If you are a non-U.S. holder, you generally will not be subject to U.S. federal income tax on gain that you recognize on a disposition of shares of our common stock unless:

- The gain is “effectively connected” with your conduct of a trade or business in the United States, and the gain is attributable to a permanent establishment that you maintain in the United States, if that is required by an applicable income tax treaty as a condition to subjecting you to U.S. taxation on a net income basis,
- You are an individual, you hold shares of our common stock as a capital asset, you are present in the United States for 183 or more days in the taxable year of the sale and certain other conditions exist, or
- We are or have been a “U.S. real property holding corporation” (as described below), at any time within the five-year period preceding the disposition or your holding period, whichever period is shorter, you are not eligible for a treaty exemption, and either (i) shares of our common stock are not regularly traded on an established securities market at any time

during the calendar year in which the sale or disposition occurs or (ii) you owned or are deemed to have owned, at any time within the five- year period preceding the disposition or your holding period, whichever period is shorter, more than 5% of shares of our common stock.

If you are a non-U.S. holder and the gain from the taxable disposition of shares of our common stock is effectively connected with your conduct of a trade or business in the United States (and, if required by a tax treaty, the gain is attributable to a permanent establishment that you maintain in the United States), you will be subject to tax on the net gain derived from the sale at rates applicable to U.S. citizens, resident aliens and domestic U.S. corporations. If you are a corporate non-U.S. holder, "effectively connected" gains that you recognize may also, under certain circumstances, be subject to an additional "branch profits tax" at a 30% rate or at a lower rate if you are eligible for the benefits of an income tax treaty that provides for a lower rate. If you are an individual non-U.S. holder described in the second bullet point immediately above, you will be subject to a flat 30% tax, unless you are eligible for the benefits of an income tax treaty that modifies such taxation, on the gain derived from the sale, which may be offset by U.S. source capital losses, even though you are not considered a resident of the United States.

We will be a U.S. real property holding corporation at any time that the fair market value of our "United States real property interests," as defined in the Code and applicable Treasury Regulations, equals or exceeds 50% of the aggregate fair market value of our worldwide real property interests and our other assets used or held for use in a trade or business (all as determined for the U.S. federal income tax purposes). We believe that we are not, and do not anticipate becoming in the foreseeable future, a U.S. real property holding corporation.

Foreign Account Tax Compliance Act ("FATCA") Withholding

Pursuant to sections 1471 through 1474 of the Code, commonly known as FATCA, a 30% withholding tax ("FATCA Withholding") may be imposed on certain payments to you or to certain foreign financial institutions, investment funds and other non-U.S. persons receiving payments on your behalf if you or such persons fail to comply with certain information reporting requirements. Dividend payments you receive in respect of shares of our common stock could be subject to this withholding if you are subject to the FATCA information reporting requirements and fail to comply with them or if you hold shares of our common stock through a non-U.S. person (e.g., a foreign bank or broker) that fails to comply with these requirements (even if payments to you would not otherwise have been subject to FATCA Withholding). You should consult your own tax advisors regarding the relevant U.S. law and other official guidance on FATCA Withholding.

Federal Estate Taxes

Shares of our common stock held by a non-U.S. holder at the time of death will be included in the non-U.S. holder's gross estate for U.S. federal estate tax purposes, unless an applicable estate tax treaty provides otherwise.

Backup Withholding and Information Reporting

If you are a non-U.S. holder, we and other payors are required to report payments of dividends on IRS Form 1042-S even if the payments are exempt from withholding. You are otherwise generally exempt from backup withholding and information reporting requirements with respect to dividend payments and the payment of the proceeds from the sale of shares of our common stock effected at a U.S. office of a broker provided that either (i) the payor or broker does not have actual knowledge or reason to know that you are a U.S. person and you have furnished a valid IRS Form W-8 or other

documentation upon which the payor or broker may rely to treat the payments as made to a non-U.S. person, or (ii) you otherwise establish an exemption.

Payment of the proceeds from the sale of shares of our common stock effected at a foreign office of a broker generally will not be subject to information reporting or backup withholding. However, a sale effected at a foreign office of a broker could be subject to information reporting in the same manner as a sale within the United States (and in certain cases may be subject to backup withholding as well) if (i) the broker has certain connections to the United States, (ii) the proceeds or confirmation are sent to the United States or (iii) the sale has certain other specified connections with the United States.

You may generally obtain a refund of any amounts withheld under the backup withholding rules that exceed your income tax liability by timely filing a refund claim with the IRS.

CERTAIN ERISA CONSIDERATIONS

A fiduciary of a pension, profit-sharing or other employee benefit plan (each, a “Plan”) subject to the Employee Retirement Income Security Act of 1974, as amended (“ERISA”), should consider the fiduciary standards of ERISA in the context of the Plan’s particular circumstances before authorizing an investment in our common stock. Among other factors, the fiduciary should consider whether the investment would satisfy the prudence and diversification requirements of ERISA and would be consistent with the documents and instruments governing the Plan, and whether the investment would involve a prohibited transaction under ERISA or the Code.

Section 406 of ERISA and Section 4975 of the Code prohibit Plans, as well as individual retirement accounts, Keogh plans or any other plans that are subject to Section 4975 of the Code (also “Plans”), from engaging in certain transactions involving “plan assets” with persons who are “parties in interest” under ERISA or “disqualified persons” under the Code with respect to the Plan. A violation of these prohibited transaction rules may result in excise tax or other liabilities under ERISA or the Code for those persons, unless exemptive relief is available under an applicable statutory, regulatory or administrative exemption. Employee benefit plans that are governmental plans (as defined in Section 3(32) of ERISA), certain church plans (as defined in Section 3(33) of ERISA) and non-U.S. plans (as described in Section 4(b)(4) of ERISA) (“Non-ERISA Arrangements”) are not subject to the requirements of Section 406 of ERISA or Section 4975 of the Code but may be subject to similar provisions under applicable federal, state, local, non-U.S. or other laws (“Similar Laws”).

The acquisition of common stock by a Plan or any entity whose underlying assets include “plan assets” by reason of any Plan’s investment in the entity (a “Plan Asset Entity”) with respect to which we, the underwriters or certain of our affiliates is or becomes a party in interest or disqualified person may result in a prohibited transaction under ERISA or Section 4975 of the Code, unless the common stock is acquired pursuant to an applicable exemption. The U.S. Department of Labor has issued several prohibited transaction class exemptions, or “PTCEs,” that may provide exemptive relief if required for direct or indirect prohibited transactions that may arise from the purchase or holding of common stock. These exemptions include PTCE 84-14 (for certain transactions determined by independent qualified professional asset managers), PTCE 90-1 (for certain transactions involving insurance company pooled separate accounts), PTCE 91-38 (for certain transactions involving bank collective investment funds), PTCE 95-60 (for transactions involving certain insurance company general accounts), and PTCE 96-23 (for transactions managed by in-house asset managers). In addition, ERISA Section 408(b)(17) and Section 4975(d)(20) of the Code provide an exemption for the purchase and sale of securities offered hereby, provided that neither the issuer of securities offered hereby nor any of its affiliates have or exercise any discretionary authority or control or render any investment advice with respect to the assets of any Plan involved in the transaction, and provided further that the Plan pays no more and receives no less than “adequate consideration” in connection with the transaction (the “service provider exemption”). There can be no assurance that all of the conditions of any such exemptions will be satisfied.

Any purchaser of our common stock or any interest therein will be deemed to have represented, by its purchase of such common stock offered hereby, that it either (i) is not a Plan, a Plan Asset Entity or a Non-ERISA Arrangement and is not purchasing the shares of common stock on behalf of or with the assets of any Plan, a Plan Asset Entity or Non-ERISA Arrangement or (ii) the purchase of the common stock will not constitute a non-exempt prohibited transaction under ERISA or the Code or a similar violation under any applicable Similar Laws. Neither this discussion nor anything in this offering circular is or is intended to be investment advice directed at any potential purchaser that is a Plan, Plan Asset Entity or Non-ERISA Arrangement, or at such purchasers generally, and such purchasers should consult and rely on their counsel and advisors as to whether an investment in our common stock is suitable and consistent with ERISA, the Code and any Similar Laws, as applicable.

Due to the complexity of these rules and the penalties that may be imposed upon persons involved in non-exempt prohibited transactions, it is important that fiduciaries or other persons considering purchasing shares of our common stock on behalf of or with the assets of any Plan, a Plan Asset Entity or Non-ERISA Arrangement consult with their counsel regarding the availability of exemptive relief under any of the PTCEs listed above, the service provider exemption or the potential consequences of any purchase or holding under Similar Laws, as applicable. Purchasers of common stock have exclusive responsibility for ensuring that their purchase and holding of common stock do not violate the fiduciary or prohibited transaction rules of ERISA or the Code or any similar provisions of Similar Laws. The sale of any shares of common stock to a Plan, Plan Asset Entity or Non-ERISA Arrangement is in no respect a representation by us or any of our affiliates or representatives that such an investment meets all relevant legal requirements with respect to investments by any such Plans, Plan Asset Entities or Non-ERISA Arrangements generally or any particular Plan, Plan Asset Entity or Non-ERISA Arrangement or that such investment is appropriate for such Plans, Plan Asset Entities or Non-ERISA Arrangements generally or any particular Plan, Plan Asset Entity or Non-ERISA Arrangement.

UNDERWRITING

BofA Securities, Inc., J.P. Morgan Securities LLC, Goldman Sachs & Co. LLC and Morgan Stanley & Co. LLC are acting as the underwriters. Subject to the terms and conditions set forth in an underwriting agreement among us and the underwriters, we have agreed to sell to the underwriters, and each of the underwriters has agreed to purchase from us, severally and not jointly, the number of shares of common stock set forth opposite its name below, at a price of \$ _____ per share, which will result in \$ _____ of proceeds to us before expenses.

<u>Underwriters</u>	<u>Number of Shares</u>
BofA Securities, Inc.	
J.P. Morgan Securities LLC	
Goldman Sachs & Co. LLC	
Morgan Stanley & Co. LLC	
Total	

Subject to the terms and conditions set forth in the underwriting agreement, the underwriters have agreed, severally and not jointly, to purchase all of the shares sold under the underwriting agreement if any of these shares are purchased. If an underwriter defaults, the underwriting agreement provides that the purchase commitments of the non-defaulting underwriters may be increased or the underwriting agreement may be terminated.

The underwriters may receive from purchasers of the shares nominal brokerage commissions in amounts agreed with the purchasers. The underwriters propose to offer the shares of common stock for sale from time to time in one or more transactions on the New York Stock Exchange, in the over-the-counter market, through negotiated transactions or otherwise at market prices prevailing at the time of sale, at prices related to prevailing market prices or at negotiated prices, subject to receipt and acceptance by them and subject to their right to reject any order in whole or in part. The underwriters may effect such transactions by selling the shares of common stock to or through dealers, and such dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters or purchasers of shares of common stock for whom they act as agents or to whom they sell as principals. The difference between the price at which the underwriters purchase shares of common stock and the price at which the underwriters resell such shares common stock may be deemed underwriting compensation.

We have agreed to indemnify the underwriters against certain liabilities or to contribute to payments the underwriters may be required to make in respect of those liabilities.

The expenses of the offering, not including the underwriting discount, are estimated at \$400,000 and are payable by us.

Option to Purchase Additional Shares

We have granted an option to the underwriters, exercisable for 30 days after the date of this offering circular, to purchase up to _____ additional shares at the price per share set forth on the cover of this offering circular. If the underwriters exercise this option, each will be obligated, subject to conditions contained in the underwriting agreement, to purchase a number of additional shares proportionate to that underwriter's initial amount reflected in the above table.

No Sales of Similar Securities

We and our executive officers have agreed not to sell, transfer or otherwise dispose of or hedge any common stock or securities convertible into, exchangeable for or exercisable for common stock, for a period of 90 days, in our case, and 10 days, in the case of our executive officers, from the date of this offering circular without first obtaining the written consent of the underwriters. Specifically, we and our executive officers have agreed, with certain limited exceptions, not to directly or indirectly:

- Offer, pledge, sell or contract to sell any common stock,
- Sell any option or contract to purchase any common stock,
- Purchase any option or contract to sell any common stock,
- Grant any option, right or warrant for the sale of any common stock,
- Otherwise dispose of or transfer any common stock,
- Request or demand that we file a registration statement related to the common stock, or
- Enter into any swap or other agreement that transfers, in whole or in part, the economic consequence of ownership of any common stock whether any such swap or transaction is to be settled by delivery of shares or other securities, in cash or otherwise.

This lock-up provision applies to common stock and to securities convertible into, exchangeable for or exercisable for shares of common stock. It also applies to common stock owned now or acquired later by the person executing the agreement or for which the person executing the agreement later acquires the power of disposition.

Electronic Offer, Sale and Distribution of Shares

In connection with the offering, certain of the underwriters and securities dealers may distribute offering circulars by electronic means, such as e-mail. In addition, certain of the underwriters may facilitate Internet distribution for this offering to certain of their Internet subscription customers or may allocate a limited number of shares for sale to their online brokerage customers. An electronic offering circular is available on the Internet web site maintained by such underwriters. Other than the offering circular in electronic format, the information on any such web site is not part of this offering circular.

Other Relationships

The underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include sales and trading, commercial and investment banking, advisory, investment management, investment research, principal investment, hedging, market making, brokerage and other financial and non-financial activities and services. Some of the underwriters and their affiliates have engaged in, and may in the future engage in, investment banking and other commercial dealings in the ordinary course of business with us or our affiliates. They have received, or may in the future receive, customary fees and commissions for these transactions.

In addition, in the ordinary course of their business activities, the underwriters and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve our securities or instruments or those of our affiliates. The underwriters and their

affiliates may also make investment recommendations or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long or short positions in such securities and instruments.

Further, in the ordinary course of business, certain of the underwriters in this offering may purchase mortgages, including mortgages originated by the Bank. Under certain circumstances disputes could arise based on the representations and warranties made in, and the terms and conditions of, these transactions, and whether any repurchases from the foregoing disputes are required. There are currently no such disputes or requests outstanding for repurchase.
