

**FIRST REPUBLIC BANK
AUDIT COMMITTEE CHARTER**

I. Audit Committee Purpose

The Audit Committee (the “Committee”) of the Board of Directors (the “Board”) of First Republic Bank (the “Bank”) is appointed by the Board to assist in fulfilling the Board’s oversight responsibilities. The Committee’s primary duties and responsibilities are to:

- Monitor the integrity of the Bank’s financial reporting process and systems of internal controls regarding finance, accounting and certain legal compliance;
- Assist the Board in oversight of (i) the integrity of the Bank’s financial statements, (ii) the Bank’s compliance with certain legal and regulatory requirements, (iii) the independent auditors’ qualifications and independence, and (iv) the performance of the independent auditors and the Bank’s internal audit function (“Internal Audit”);
- Prepare an audit committee report as required by the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and the rules and regulations thereunder for inclusion in the Bank’s annual proxy statement; and
- Provide an avenue of communication among the independent auditors, management, the internal auditors, and the Board.

The function of the Committee is oversight. The management of the Bank is responsible for the preparation, presentation and integrity of the Bank’s financial statements and for the effectiveness of internal control over financial reporting. Management is responsible for maintaining appropriate accounting and financial reporting principles and policies and internal controls and procedures that provide for compliance with accounting standards and applicable laws and regulations. The independent auditors are responsible for planning and carrying out a proper audit of the Bank’s annual financial statements and of the Bank’s internal control over financial reporting prior to the filing of each annual report on Form 10-K, reviewing the Bank’s quarterly financial statements prior to the filing of each quarterly report on Form 10-Q, and other procedures. Internal Audit is responsible for providing independent and objective assurance over the Bank’s governance, risk management, and internal control practices. In fulfilling their responsibilities hereunder, it is recognized that members of the Committee are not full-time employees of the Bank and are not, and do not represent themselves to be, performing the functions of auditors or accountants. As such, it is not the duty or responsibility of the Committee or its members to conduct “field work” or other types of auditing or accounting reviews or procedures or to set auditor independence standards.

The independent auditors shall submit to the Committee annually a formal written statement (the “Auditors’ Statement”) describing: the auditors’ internal quality-control procedures; any material issues raised by the most recent internal quality-control review or peer review of the auditors, or by any inquiry or investigation by governmental or

professional authorities, within the preceding five years, respecting one or more independent audits carried out by the auditors, and any steps taken to deal with any such issues; and (to assess the auditors' independence) all relationships between the independent auditors and the Bank, including each non-audit service provided to the Bank, if any, and at least the matters set forth in the letter from the independent auditors required by the applicable requirements of the Public Company Accounting Oversight Board (the "PCAOB").

The independent auditors shall submit to the Committee annually a formal written statement of the fees billed in each of the last two fiscal years for each of the following categories of services rendered by the independent auditors: (i) the audit of the Bank's annual financial statements and the reviews of the financial statements included in the Bank's quarterly reports on Form 10-Q or services that are normally provided by the independent auditors in connection with statutory and regulatory filings or engagements; (ii) assurance and related services not included in clause (i) that are reasonably related to the performance of the audit or review of the Bank's financial statements, in the aggregate and by each service; (iii) tax compliance, tax advice and tax planning services, in the aggregate and by each service; and (iv) all other products and services rendered by the independent auditors, in the aggregate and by each service.

II. Audit Committee Composition and Meetings

Members of the Committee must meet all requirements of the New York Stock Exchange, Inc. (the "NYSE"), Rule 10A-3 of the Exchange Act and all pertinent rules and regulations of the Federal Deposit Insurance Corporation (the "FDIC"), including those that pertain to banks with total assets in excess of \$3 billion contained in 12 C.F.R. Part 363.

The Committee shall be comprised of at least three directors as determined by the Board, each of whom the Board has determined to be an outside, non-executive director with no material relationship with the Bank and otherwise "independent" under the rules of the NYSE and Rule 10A-3 under the Exchange Act as set forth in "Definitions" below. All members of the Committee shall have a basic understanding of finance and accounting and be able to read and understand fundamental financial statements such that all members of the Committee are considered financially literate. At least two members of the Committee shall have "banking or related management experience," as such phrase is defined in "Definitions" below. The Board shall also determine that at least one member of the Committee has "accounting or related financial management expertise," as such as such qualification is interpreted by the Board in its business judgment, and at least one member of the Committee is an "audit committee financial expert," as defined by the rules of the Securities and Exchange Commission (the "SEC"). To help meet these requirements, the Committee will provide its members with annual continuing education opportunities in financial reporting and other relevant areas.

No director may serve as a member of the Committee if such director serves on the audit committees of more than two public companies unless the Board determines that such simultaneous service would not impair the ability of such director to effectively serve on

the Committee, and discloses this determination in the Bank's annual proxy statement. Additionally, no director may serve as a member of the Committee if such director is, or is a controlling person of any entity which is, in the determination of the Board, a "large customer" of the Bank, as such term is defined in "Definitions" below.

Committee members shall be appointed by the Board and shall serve at the pleasure of the Board and for such term or terms as the Board may determine. The Committee shall designate one member of the Committee as its chairperson (the "Chair"). In the event of a tie vote on any issue, the Chair's vote shall decide the issue. At least annually, the Board shall determine whether all existing and potential Committee members are independent of management of the Bank in accordance with the guidelines set forth in this Charter.

The Committee shall meet at least four times annually, or more frequently as circumstances dictate, to discuss with management the annual audited financial statements and quarterly financial statements, as necessary. The Chair shall prepare and/or approve an agenda in advance of each meeting. The Committee should meet privately in executive session, at least annually, separately with each of management, Internal Audit, the Bank's General Counsel and the independent auditors to discuss any matter that the Committee or each of these groups believes should be discussed. In addition, the Committee, or at least the Chair, should communicate with management and the independent auditors at least quarterly to review the Bank's financial statements and significant findings based upon the independent auditors' limited review procedures. The Committee may request any officer or employee of the Bank or the Bank's outside counsel or independent auditors to attend a meeting of the Committee or to meet with any members of, or consultants to, the Committee. Members of the Committee may participate in a meeting of the Committee by means of conference call or similar communications equipment by means of which all persons participating in the meeting can hear each other. A majority of the members of the Committee present at a meeting shall constitute a quorum.

registered public accounting firm, the Committee shall ensure that engagement letters and any related agreements with such registered public accounting firm for services to be performed do not contain any limitation of liability provisions that: (A) indemnify such registered public accountant against claims made by third parties; (B) hold harmless or release such registered public accounting firm from liability for claims or potential claims that might be asserted by the Bank, other than claims for punitive damages; or (C) limit the remedies available to the Bank;

DEFINITIONS

Banking or Related Financial Management Experience: A person will be considered to have “banking or related financial management experience” if the person has significant executive, professional, educational, or regulatory experience in financial, auditing, accounting, or banking matters as determined by the Board. Significant experience as an officer or member of the Board or audit committee of a financial services company would satisfy these criteria, as would any person who has the attributes of an “audit committee financial expert” as set forth in the SEC’s rules. (12 C.F.R. Part 363, Appendix A, paragraph 32.)

Independent Director: a director is not independent if:

- The director is, or has been within the last three years, an employee of the listed company, or an immediate family member is, or has been within the last three years, an executive officer of the listed company. Employment as an interim chairman or chief executive officer or other executive officer shall not disqualify a director from being considered independent following that employment.
- The director has received, or has an immediate family member who has received, during any twelve-month period within the last three years, more than \$120,000 in direct compensation from the listed company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service). Compensation received by a director for former service as an interim chairman or chief executive officer or other executive officer need not be considered in determining independence under this test. Compensation received by an immediate family member for service as an employee of the listed company (other than an executive officer) need not be considered in determining independence under this test.
- (A) The director is a current partner or employee of a firm that is the listed company’s internal or external auditor; (B) the director has an immediate family member who is a current partner of such a firm; (C) the director has an immediate family member who is a current employee of such a firm and personally works on the listed company’s audit; or (D) the director or an immediate family member was within the last three years a partner or employee of such a firm and personally worked on the listed company’s audit within that time.
- The director or an immediate family member is, or has been with the last three years, employed as an executive officer of another company where any of the listed company’s present executive officers at the same time serves or served on that company’s compensation committee.
- The director is a current employee, or an immediate family member is a current

executive officer, of a company that has made payments to, or received payments from, the listed company for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million, or 2% of such other company's consolidated gross revenues.

- The director is an affiliated person of the Bank or any of the Bank's subsidiaries.

For purposes of defining "independent director," an "immediate family member" includes a person's spouse, parents, children, siblings, mothers and fathers-in-law, sons and daughters-in-law, brothers and sisters-in-law, and anyone (other than domestic employees) who shares such person's home. When looking-back to determine the independence of a director, one need not consider individuals who are no longer immediate family members as a result of legal separation or divorce, or those who have died or become incapacitated.

Large Customer: A person or entity (including a controlling person of any such entity) is considered a large customer of the Bank if, in the determination of the Board, such person or entity has such a significant direct or indirect credit or other relationship with the Bank that the termination of such relationship would likely materially and adversely affect the Bank's financial condition or results of operations. (12 C.F.R. Part 363, Appendix A, paragraph 33.)

Statement of Auditing Standards (SAS) No. 114: SAS 114 requires that auditors communicate with those charged with governance matters, including audit committees, related to the financial statement audit that are, in the auditor's professional judgment, significant and relevant to the responsibilities of those charged with governance, such as audit committees, in overseeing the financial reporting process to discuss certain matters with audit committees. Communication for significant findings should be in writing. Other communications may be in writing or oral. Items to be communicated include:

- The auditor's responsibility under Generally Accepted Auditing Standards (GAAS);
- An overview of the planned scope and timing of the audit; and
- Significant findings from the audit.
